

## **CQT and CFT Coupling Made of Tungsten Carbide**

This high quality brand belongs to the product group "pressure blast systems". Only the perfect configuration and match of all system components in a blast machine enable maximum blasting efficiency. Therefore Clemco offers an extensive and complete range of quality products.

### **CQT and CFT Coupling Made of Tungsten Carbide**

Robust coupling for connection between different hose parts. The workhorse amongst the couplings.

|                       |                                   |
|-----------------------|-----------------------------------|
| Area of application   | suitable for different hose sizes |
| Blasting pressure     | 0 < > 12 bar                      |
| Operating temperature | -15°C < > +50°C                   |

### **COUPLINGS IRON CAST WITH SCREWS AND LOCK**

| item # | description                              | size                           |
|--------|--|--------------------------------|
| 91008D | CQT-1 IRON CAST COUPLING F. 25 X 7       | for hose 25 x 7 mm             |
| 91009D | CQT-2 IRON CAST COUPLING FOR 32 X 8      | for hose 32 x 8 mm             |
| 91010D | CQT-3 IRON CAST COUPLING FOR HOSE 38 X 9 | for hose 38 x 9 mm             |
| 93116D | CQT-4 IRON CAST COUPLING FOR 42 X 9      | for hose 42 x 9 mm, 40 x 10 mm |
| 91011D | CFT-IRON CAST COUPLING 11/4"             | 1¼" fine thread                |
| 24232D | CFT-IRON CAST COUPLING 11/2"             | 1½" fine thread                |
| 100725 | CFT- 2"                                  | 2" Feingewinde                 |
| 91012D | CFT-50 IRON CAST COUPLING                | coupling / nozzle holder 50 mm |
